

Exciting news for students studying Certificate III in Information Technology

Brand new industry partner EVOLOGIC is joining our P-TECH Program

Evolagic delivers expert, customised IT solutions to support the growing needs of a business. They drive change by connecting technology to business outcomes, implementing intelligent strategies that will streamline and progress business operations.

Evolagic are currently supporting two of our students Pete and Hunter who have regular work placements after completing their Certificate III in IT in 2021.

Recently Year 10 student Rebecca enjoyed a one week work experience where she experienced many aspects of the business including some time in the finance department.

It is very exciting to have Evolagic on board and we look forward to advancing our partnership with them.
